LOVE THE JACKET AND THE LARGER EMBLEM ON THE BACK

Excited to own another jacket and went down in size to a medium. My first was a women's L for comfort but felt it was boxy so tried the medium and at 5'9" and 145 it is a good fit. I like the larger emblem on the back. The colors in person are not as bright as on line. They are still bright but my teenagers really liked the combination.

VERY NICE SKIRT
This is a really nice true to size skirt, it did come up longer than I expected but the model in the pics is probably around 5'10 whereas I am 5'5ish, you can however turn over the waistband if you want to wear it a bit shorter so all good.

It's not bad- just okay. I would like it better if it had a drawstring waist. It does run slightly small so I'd suggest going up a size if you want a looser fit. Do be aware it is a ling skirt- even for me at five nine.

Cute skirt. Comfortable. Worth the price. Can dress up with heels, booties, or dress down with a crisp pair of sneakers. I will definitely be doing both, once I exchange for my correct size!

Great jacket! Good quality & love the red. I thought it would run like my other adidas jackets. I always buy medium & it fits well. I think medium runs a little small in adidas but this was huge! It's bigger & longer than all my other jackets. I need to return for a smaller size.

WOULD BE GREAT IF IT WAS A DIFFERENT FABRIC
Great fit, however, it rides up if you're running. Didn't expect to have to keep pulling it down during my workouts

One of the favorite items I purchased. Great fit and I love the sort of worn out look of the grey. It looks great on and is stretchy for some added support.

Never go for a size bigger than you are, if anything go a size smaller, if you like a loose fit go for your exact size.

VERY CUTE DRESS BUT RUNS VERY SMALL!

The dress is so cute and the fabric is very nice however the dress runs very small! I usually wear size 10 AU in dress, top and skirt but I purchased size 12 AU hoping it would fit me just right not too tight or loose but when I tried this on, it was tight especially around my bust area and hip. Fortunately, the fabric is stretchy so I can still walk properly while wearing this dress. Therefore, I recommend you ladies to buy one size bigger.

REALLY NOT GREAT FOR BIG BOOBS!

although fitted and nice quality just really didn't leave much to the imagination. Not for bigger chested people as doesn't provide the coverage on the photo. Maybe go up a size for more coverage.

SIZING IS HIT OR MISS!

I purchased this jacket as part of a 3 piece outfit. This jacket runs a little small, while the matching tights are huge! My biggest complaint is that the fabric feels super thin and cheap! Not what I was expecting from such a huge brand as Adidas. Needless to say, I had to return everything due to sizing issues.

I suggest to buy directly on Adidas store to make sure of its quality. The quality of the jacket that i received was not that good.

NOT THE QUALITY I EXPECT FROM ADIDAS

wore for the FIRST time, hadn't even taken them off yet, and stitching of one of the stripes came out so now one leg only has two stripes.. when the entire brand is based around 3 stripes i'd say this is kind of a big deal... not very happy at all which is sad because the actual legging itself feels so nice, but we here for the stripes >:(
